Thank you for enquiring!

1) WHAT TO EXPECT ON THE CALL?

We will ask you questions to understand your career goals and how we can help you in your career journey. After that, if we are 100% sure you are a good fit to work with us, we will invite you to join our course and tell you how to enrol. You can then make a decision if you want to move forward or not. It requires an investment. We will discuss this over your call.

2) HOW LONG IS THE CALL?

It is a life changing call to deeply understand your fears, goals and career plans. So the call will take at least 45 minutes long. We take your career seriously and respect your time so we ask for your commitment too. We promise your time won't be wasted. Make sure you attend the call on time because we can't give you a second call due to the high level of interest we get regularly.
